If I listen to Station WSMI-FM while outdoors, using a headset or portable device, I do so in this location or in these locations:

I understand that someone has applied for authority to operate an FM Translator station on 106.1 MHz, the same spot on the dial as Station WSMI-FM.

I am very concerned about this, as I do not want to lose service from Station WSMI-FM due to interference from this proposed facility.

I am not affiliated with Station WSMI-FM, other than as a listener of the Station.

The contents of this Declaration are true and correct to the best of my personal knowledge, information, and belief, under penalty of perjury.
